OBJECTIVE

To leverage my engineering background, programming skills, and passion for problem- solving to contribute innovative solutions, while gaining valuable experience in team collaboration and technology development.

EDUCATION

Bachelor of Engineering in Information Technology, 06/2023 – 06/2027

Thadomal Shahani Engineering College (TSEC)

(Currently in 3rd Year, Semester VI)

- Relevant Coursework: Front-End Web Development, Database Management Systems, Operating Systems, Computer Networks , Computer Security , Data Structures and Algorithms, Java Programming, C Programming

Professional Experience

EPL Limited – IT Backend Intern (June 01st 2025 - July 15th 2025) 06/2025 – 07/2025

- Integrated **IoT machine data from Poland plant** with **SAP ERP orders**. Lower Parel , Mumbai
- Created **database tables and aggregated data views**.
- Hands-on experience in **IoT data streaming and backend management**.

SKILLS

Programming Languages — Java, C, Python , C#, HTML , CSS

Web Development — HTML, CSS, JavaScript, Bootstrap , React , Node.js

Data Structures and Algorithms

Tools & Platforms — Git, Visual Studio Code, SQLite, Tkinter , DBeaver, PostgreSQL, Power BI , Excel

PROJECTS

Hotel Management System, *(Using Python and SQLite)* ☑

Developed a comprehensive hotel management system with features like customer management, room booking, and billing. Implemented a user-friendly interface using Tkinter, ensuring seamless interaction and efficient data management.

Coffee Shop Website, *(Using Bootstrap and CSS)* ☑

Designed a responsive and visually appealing website for a coffee shop, featuring an interactive menu, special offers, and contact information, enhancing user engagement.

SwasthMind FullStack Website ☑

- A responsive web application focused on mental health and well being.
- Features **user-friendly UI/UX** and cross device compatibility.
- Tech stack: **React.js, HTML, CSS, JavaScript**

EXTRACURRICULAR ACTIVITIES

Member of the Institution of Electronics and Telecommunication Engineers (IETE) Committee,

serving as a Design Executive

Organized workshops and contributed to designing promotional materials and event visuals
